For rocks, natural features or plant:

- How old are you?
- Where did you come from?
- Have you always been the size you are now?
- What is it like living in this particular place?
- What events have you seen in your life?
- Who comes to visit you?
- What do you do for others?
- How do others help you?
- Is there something special you would like to tell me?

For animals:

- What are you doing now?
- Where do you live?
- What do you eat, and how do you find your food?
- What do you do for others?
- How do others help you?
- What are the things you like most about your life? The least?
- Do you ever travel to other places?
- What would you like to tell others about yourself?
