The Ghosts of Beatrice Bird by Louisa Morgan

Beatrice Bird is a Ph.D. psychologist who has fled to a remote and sparsely populated island. She sees as few people as she possibly can, not by choice but from necessity. Normally, Beatrice is plagued by ghosts, manifestations of the emotional baggage people carry with them, but on the island, she's free from their grief and sadness. Then she meets Anne Iredale who has lost everything that matters to her. For the first time in a long time, Beatrice's gift will be called on to help someone in need. The path to healing awaits both of them...if Beatrice can find the courage to take the first step"
